## **ITX Awarded \$2.5M Contract from Department of Energy**

**Fort Collins, Colorado, June 1, 2006** – Information Technology Experts, Inc. (ITX) today announced that the Department of Energy, Western Area Power Administration, Upper Great Plains Region (UGP), has awarded the company a contract for technical support services. The estimated contract value is \$2.5 million over five years. The scope of work includes systems support, database & systems administration, systems development, desktop support, and contract management services.

“ITX marketed their capabilities to Western and they’re on the GSA STARS contract. We chose them based on past performance and the best value to the Government,” said Cheryl Jones, Contract Specialist, Western UGP.

Bruce Hottman, Executive Vice President and co-founder of ITX, will manage the transition of the contract, slated to begin in June. “We have taken on contracts similar to this in the past,” said Hottman. “We have refined our process over the past 10 years and are confident we can seamlessly transition the team and deliver customer service and technical competency that our clients have come to expect.”

### **About ITX**

ITX is northern Colorado’s leading full-service IT support provider. Founded in 1996, ITX has 103 employees and posts a 31% annual average growth rate. ITX serves over 120 commercial and government clients from offices in Fort Collins, Denver, Colorado Springs, and client locations nationwide. ITX core competencies include: network administration, database & software development, network security, hosting, and VoIP/telecommunications. ITX is a SBA 8(a) Small Disadvantaged Business (minority-owned) listed on the GSA Schedule 70 and GSA STARS contracts.
