ITX Adds Four ShoreTel VoIP Clients

Fort Collins, Colorado, August 26, 2008 – Information Technology Experts, Inc. (ITX) today announced that they recently installed ShoreTel Voice over Internet Protocol (VoIP) phone systems for Everitt Companies, Keeton Industries, and Safebuilt Colorado. More than 100 phones were installed and all staff was trained in phone features and self-administration. ITX was also hired to manage Salud Family Health Centers' ShoreTel system consisting of over 600 phones spread among 13 locations in northern Colorado.

“Our clients are embracing the attributes of VoIP phone systems and we’ve got more installations scheduled,” said Dan Gallegos, ITX Director of VoIP. “There are a lot of moving parts involved in a new VoIP phone installation, but once it’s complete, the system is really easy to manage.”

About ITX

ITX is northern Colorado’s leading full-service IT support provider. Founded in 1996 by Mai Tran and Bruce Hottman, ITX has 160 employees and posts a 31% annual average growth rate. ITX serves over 150 commercial and government clients from headquarters in Fort Collins, Colorado, and client locations nationwide. ITX services include: network design & administration, VoIP phone systems, software & web development, server & PC support, network security, and managed services.
