## **ITX Expands Software Development Group**

**Fort Collins, Colorado, May 19, 2008** – Information Technology Experts, Inc. (ITX) today announced the addition of Julie Shuffler as the Software Development Manager. Before joining ITX, Julie was with Hewlett-Packard for nine years leading technical teams to implement software applications. In addition to managing ITX’s software developers, Julie is responsible for client management and business development.

Also joining ITX is Troy Clark as a Web Designer and Developer. Troy brings over 10 years experience in web design and development and adds a new skill set to ITX’s software group.

“We’re excited to add Julie and Troy to our staff,” said Mai Tran, ITX President & CEO, “many of our clients have requested creative Web design and the addition of Troy enables us to expand our software services beyond traditional code and databases.”

### **About ITX**

ITX is northern Colorado’s leading full-service IT support provider. Founded in 1996 by Mai Tran and Bruce Hottman, ITX has 140 employees and posts a 31% annual average growth rate. ITX serves over 150 commercial and government clients from headquarters in Fort Collins, Colorado, and client locations nationwide. ITX services include: network design & administration, IP phone systems, software & database development, server & PC maintenance, and network security.
