

FOR IMMEDIATE RELEASE

Information Technology eXperts, Inc. Approved for Large Government Contract Vehicle

ITX now part of contract vehicle designed to promote small business utilization

Fort Collins, CO, July 23, 2004 – Information Technology eXperts (ITX) today announced that the General Services Administration Small Business Government wide Acquisition Contract (GWAC) Center has approved the company to be part of their latest contract vehicle. The new 8(a) Streamlined Technology Acquisition Resources for Services (STARS) GWAC is a small business set-aside contract for technology solutions.

8(a) STARS is a seven-year contract, with a three-year base period and two 2-year option periods and has a \$15 billion dollar ceiling. This contract is designated for approved 8(a) small businesses across the country and encompasses a broad range of information technology services such as computer programming, system design, and facilities management.

“We at GSA are proud to offer this new portfolio of certified 8(a) small business firms to help the government meet its technology requirements as well as its socioeconomic goals,” said FSS Commissioner Donna D. Bennett. “This new contract vehicle furthers GSA’s already strong commitment to supporting small business.”

ITX has already been awarded projects under this new contract vehicle. “I think that we were selected to be part of this contract vehicle due to our quality, past performance, and competitive pricing,” said Mai Tran, President of ITX. “Furthermore, we actively, promote and market to the contract, and I think that is why we are already generating revenue from the relationship.”

About ITX

ITX was founded in 1996 and is northern Colorado’s leading full service IT support provider. ITX is privately owned, headquartered in Fort Collins, Colorado, and currently employs 46 people. The ITX team provides database, network, help desk, hosting, and security solutions to a cross-section of local and national commercial businesses and government agencies across the country. ITX’ team of technical experts is dedicated to clients and committed to quality solutions. As a result, businesses that turn to ITX can count on a measurable increase in the effectiveness of business.
